West Helena Plant Will Go to Singer Sewing Machine Company Works.

Company Works.

HELENA, Ark., Oct. 13. (Spi.)—For the consideration of \$75,000 the Danison lumber, plant at West Helena-has become the property of the Poinsett Lumber and Manufacturing company, and to be the lumber cutting plant of the Singer Sewing Machine company, which maintains an assembly shop at Cairo. J. W. Denison in relinquishing his plant at West Helena announces that he will continue to live there. Mr. Denison is mayor of West Helena. The deal is to become operative in 50 days.

It is believed at least 2,000 population will be added to West Helena under the new ownership which will employ some 1,500 skilled people. It is further understood the Poinsett company will shortly dismantle its plant at Cairo, Ill., and remove the machinory and skilled workmen to West Helena. It is further stated the Cairo concern has used the plant for assembling sewing machines and this part of the industry will perhaps come to West Helena.

The Poinsett company has available a large quantity of timber for cutting into lumber for sewing machine cabulets. It is said the Singer company also owns large tracts of timber land in Southeast Arkansas and Northern Louisian and that the West Helena plant of the Poinsett company, will be used for cutting this timber.

The company's payroll, estimated at from \$30,000 to \$40,000, among the largest in the state, will be a great impetus to Helena's annual payroli.

CARROLL COUNTY LOSES THREE FINE AUTOMOBILES

HNUTINGDON, Term., Oct. 13. (Spl.)
—Car stealing is growing common and it is believed that there is an organization of car thieves in West Tennessee operating in this and adjoining states. Within the last ten days Carroli county has lost three care by the work of thieves, the last belonging to Mr. Horace Brewer, of McKenzie, and was practically a new car.

Just the second night before this W. B. Alfen, a timberman of Huntingdon, lost his Oldsmobile, while in Camden. He had driven over there and left his car in the garage, which was broken into and his car disappeared. It is believed that this car was driven through Luntingdon, passing by the home of its owner. Two hops about 13 and 20 years old were seen driving through Dreaden the next day.

It is believed they got oil at Rosser, but the thleves have not yet been cantured. The same night that Mr. Allen's car disappeared, U. B. Botts' store in Camden was entered and robbed of a lot of jewelry and about \$30 in money. The other car to be store belonged

There are only a few of the old veterans living now who were here during the time that Mr. Brewer was pastor, Maj. Bynum, J. A. Price and William Kimmons, perhaps belng all whe are living, and it is not thought there is a single member of his old board of stewards left to greet him.

NITRATES INCREASE YIELD ON YAZOO COUNTY LAND

YAZOO CITY, Miss. Oct. 13. (Spl.)—According to W. R. Rifch, farm demonstration agent of Yazoo county, the county the coming year will realize an increased output of products of the soil of from a minimum of \$400,000 to \$800.000 through the use of nitrate of soda fertilizer. For already the farmers and planters of the county have listed orders amounting to \$900 tons of the nitrate with the county agent, and 800 tons will tertilize 15,000 acres of the county soil. The most conservative of nitrate users in the county place the value of the fertilizer see shown in increased crops at \$25 an acre. Others, who are inclined to give credit for more of the results than they have obtained to the fertilizer estimate its value at from \$35 to \$50 per acre.

Fanaticism Causes Race Riot In Phillips County

GRENADA, Miss., Oct. 13. (Spl.)—
Jack C. Wilson, executive secretary of
the Mississippi Welfare league, with
headquarters at Jackson, Miss., has just
returned from Helena. Ark. where he
spent several days investigating the recent trouble between the white and
colored races in Phillips county. Mr.
Wilson makes the following statement
relative to the Arkansas uprising to
your correspondent, which he thinks is
of interest to the entire state:

"Being convinced by press reports
that the affair in Phillips county was
unusual and since the uprising was so
close to Mississippi and thinking that
the organization responsible for the
trouble might be at work in my state. I
went to Arkansas to investigate the
affair.

"We see who is not familiar with the
Agitators to Justice.

went to Arkansas to investigate the affair.

"No one who is not familiar with the facts gotten from the testiment of the negro who participated in the affair can have even a faint idea of the danger with which the white people there were confronted. It was indeed fortunate for them that the negroes started trouble two days before the time set for united action. The facts recalled the same old story. The negroes are victims of a victous negro leader who exploited them and led them astray purely for merceny reasons. As usual the leader left the country with the funds collected and his followers to suffer. This negro leader, whose name is Hill, had an influence over these ignorant people that is hardly less than marvelous.

Age Heeded Folly.

"So great was this influence that old men with gray hairs and stooped with age took a black hand oath and attempted to live up to that oath. Hill represented himself as an agent of the federal government. He made his appeal through their superstitious and religious instincts. One of the remarkable things which I obseved was that I did not see among more than 150 prisoners what I would consider a hair negro. They are all of that peaceable working class type and there were not more than two mulattoes among them, and those were not leaders. The testimony revealed the fact that, after the trouble began, many negroes who were at work were forced by the leaders, under threats of death, to leave their work and join the army.

"Another remarkable thing is the absence of race haired among the white people. Of course they were lucensed against the organizers and leaders. I talked to many of them, who in the must have taken much interest in the welfare of the negro race, who feel more hurt than angry over the action of the negroes. The calm behavior of the white people, and their willingness for the law to take its course, is unusual under such a great provocation. But this is the spirit of Phillips county poole. They boast of the fact that there has never been a lynching in the county.

whites Act Generously.

"Having investigated the recent race riot in Chicago and knowing the intense race hatred among the white neople for the negroes there, I am of the opinion that if the people in Chicago and Cook county had had the same provocation that the people of Helessa and Phillips county had there would have been but few negroes left in Chicago to tell the tale.

Beard-Farrell.

PINE BLUFF, Oct. 13. (Spl.)—Miss Ruby Parrell, daughter of Mr. and Mrs. W. C. Parrell and Frank Beard, of this city, were married at Sheridan Wednesday, Oct. 5 by the Rev. Mr. Rector, of that city, They will continue to make Pine Riuff their home.

Agitators to Justice.

Agitators to Justice.

"Let all our people, white and black, keep their eyes open in an effort to locate and bring to justice all agitators who may be or come among us.

"There is strong evidence in Helena that a white man associated with the negro Hill had much to do with the uprising in Phillips county. We must all remember that the whole United States is at this time affected more or less with Bolshevisis, anarchists and revolutionists and every other kind of undesirables. Strangers of both races going into countles, who have not a clear record for both character and business should be arrested and made to prove themselves. Unworthy leaders, radical and seditious newspapers are responsible for the tenseness of the present situation throughout the country and the spirit of unrest prevailing in every state. The negro race have suffered much from the above agencies. "The best and far-seeing white people are ready to help the negro race free themselves from these influences which can only bring disaster and which will defeat the laudable aims of the better element of the negro race. Let us all counsel together and avoid what many other states have suffered. And prove Mississippi to be sane and just and reasonable.

"It seems to me that it is the part of wisdom for the daily and weekly newspapers of Mississippi to preach the doctrine of tolerance and restraint just at this time and to see to it that the thinking among the colored people are given the opportunity to see conditions in their true light and in all their seriousness."

IMSON WEED CROP WILL BE SHIPPED FROM YAZOO
